Features

Design Edge	Description
Micro Bevel	The design of CQ Bamboo Flooring features a small v-shaped edge between the boards to appear more like traditional flooring edges.

Finish	Description
--------	-------------

Cold Pressed	Cold pressed treatment allows for consistency in density, colour, moisture content and visual uniformity.
--------------	---

Brushed	To create a rustic look, CQ Bamboo Flooring has been brushed with a wire brush to give a textured surface.
---------	--

Strand Woven	Strand woven bamboo flooring is simply a more durable bamboo flooring because of the cross-hatched strands holding the material together.
--------------	---

Scratch Resistant Coating System	Bamboo is harder than most Australian Hardwood timbers and with a Scratch Resistant Coating System will resist scratches and stains to protect it from everyday wear.
----------------------------------	---

Feature	Description
---------	-------------

Vertical & Horizontal Use	Boards can be utilised for vertical wall applications as well as traditional horizontal use on floors, much like wood boards.
---------------------------	---

Low Maintenance	Easy to clean with a vacuum and marks can be removed with a soft damp cloth.
-----------------	--

Fit for Tough Climates	CQ Bamboo Flooring is an ideal flooring for Australia's harsh climate and is resistant to insects and temperature variations, making it less prone to expansion and contraction.
------------------------	--

Fire and Slip Ratings:

Warranties

Lifetime Structural Warranty

The manufacturer warrants its product from structural defects, de-lamination, cracking, warping, twisting or any other forms of structural deformation at the time of supply.

To ensure this warranty applies, installation instructions must be adhered to. Please ask your retailer for these guidelines. Exposure to excessive moisture caused in any way whatsoever such as flooding, spills, leaks, excessive wet mopping, steam mops, sub-floor moisture or heating may cause distortion within the board and will not be covered by this warranty.

Care should be taken to maintain even indoor humidity and temperature with good ventilation. Excessive heat, dryness or exposure to direct sunlight will cause damage to the goods and is considered negligence and is not covered by this warranty.

20 Year Limited Surface Warranty

From the date of purchase, the manufacturer warrants to the original purchaser only, that under normal domestic conditions of use, the surface will not wear through during the period warranted.

With proper maintenance, the goods will perform under normal household conditions. Scratches, dents, reduction of gloss (appearance reduction), damage caused by negligence, urine, animals or high heeled shoes are not considered as a defect and therefore not covered by this warranty.

All furniture requires felt to be adhered to the underneath to protect the surface of your floor. From time to time this will need to be maintained and checked for wear.

20

Engineered Bamboo
20 Year Residential Warranty

These warranties are in addition to any rights consumers may have under Australian consumer laws.

Terms and conditions apply.

CQ Flooring reserves the right to change the specifications of or delete colours in this product range without notice.

Product images in the brochure should only be used as a guide or point of reference. Actual samples should be inspected in person to confirm texture and colour before making a purchase decision.

Colour appearance can vary depending upon the type of light under which a sample is viewed and light sources where the flooring is installed.

Engineered
Bamboo Inspiration

Autumn Sky is a neutral shade that is popular with modern decor. It creates a calm atmosphere, suitable for the home or office.

Champagne is one of our most popular colours that stands the test of time. A warm colour that brightens up a room or office.

Champagne
BAMENG402

Coffee is a very warm timber shade that lends itself to a relaxed look in the home or for a neutral and comfortable look in a retail store.

Pearl is the lightest colour in the range. This beautiful fresh look is great for modern homes or for a zen space, like a yoga studio or beauty store.

Pearl
BAMENG404

Smoked adds pure drama to a room. Paired with shiny satins, velvets and metallics you can create a high end look. The textured surface treatment brings character and warmth suitable for the home.

Walnut is a rich dark and warm colour that can be dressed up or dressed down to create the look you want for your home or workplace.
